

Avalon Organic Botanicals has become the trusted choice for those who seek organic, all-natural alternatives. The Certified Organic Ingredients Seal takes the guesswork out of buying organic personal care by boldly stating the percentage of certified organic ingredients on every product label. So, what you see is what you get.

Harmonize
your *organic* nature.

Take care of your all natural, organic self — the all natural, organic way. Because what it takes to be beautiful goes more than skin deep.

Now Avalon Organic Botanicals offers a complete line of therapeutic, bath and body care products with Ylang Ylang, nature's exotic botanical gift, with euphoric properties that soothe, silken, and harmonize.
