As provided in the California Food and Agricultural Code (CFAC) Chapter 10, division 17 under 46016.1 and the California Organic Standards Act of 2003 (COSA)-110940 (a), the Organic Consumers Association is hereby filing a formal complaint to the Director the California Department of Food and Agriculture State Organic Program (SOP) and California Department of Health Services, in regards to the labeling practices of Avalon Natural Products.

I. Abstract:

The basis of this complaint resides in the evidence, given below, that Avalon is falsely labeling a large number of their products as "organic" in violation of regulations set forth by the National Organic Program (NOP) and the California State Organic Program (SOP).

II. Avalon products in violation (see attachment for full listing of ingredients):

Organic Facial Cleansing Gel, Lavender Organic Bath and Shower Gel, Lemon Verbena Organic Bath & Shower Gel, Mint Thyme Organic Bath & Shower Gel, Rosemary Organic Bath & Shower Gel, Lavender Organic Liquid Glycerin Soap, Lemon Verbena Organic Liquid Glycerin Soap, Mint Thyme Organic Liquid Glycerin Soap, Rosemary Organic Liquid Glycerin Soap, Lavender Organic Shampoo, Lemon Verbena Organic Shampoo, Mint Thyme Organic Shampoo, Rosemary Organic Shampoo, Lavender Organic Cream Shave, Lemon Verbena Organic Cream Shave, Mint Thyme Organic Cream Shave, Mint Thyme Organic Cream Shave, Aloe Vera Jojoba Shampoo and Conditioner, Awapuhi Mango Shampoo and Conditioner, Biotin B-Complex Shampoo and Conditioner, Chamomile Citrus Shampoo and Conditioner, Organic Herbal Shampoo and Conditioner, Tea Tree Mint Shampoo and Conditioner
CoQ10 Facial Cleansing Milk, Perfecting Facial Toner, Wrinkle Defense Crème, Wrinkle Defense Serum, Ultimate Skin Firming Lotion, Vitamin C Refreshing Facial Cleanser, Balancing Facial Toner, Renewal Facial Crème, Vitality Facial Serum, Revitalizing Eye Crème, Moisture Plus Lotion with SPF 15, Therapeutic Hand and Body Lotion, and the several Shampoo and Conditioners.

III. This complaint is based on violations of the following regulations:

Under COSA 110811 This article shall be interpreted in conjunction with Chapter 10 (commencing with Section 46000) of Division 17 of the Food and Agricultural Code and the regulations promulgated by the National Organic Program (NOP) (Section 6517 of the federal Organic Foods Production Act (OFPA) of 1990 (7 U.S.C. Sec. 6501 et seq.)).

110956. (a) All organic product regulations and any amendments to those regulations adopted pursuant to the NOP, that are in effect on the date this bill is enacted or that are adopted after that date shall be the organic product regulations of this state.

CFAC 46024(c) It is unlawful for any person to mislabel any organic product.

IV. Violation #1: Hydrosol/ Floral Water

Organic cosmetics can only be labeled “Organic” if they are made up of at least 70% organic ingredients, not including water:

COSA 110838. (a) Cosmetic products sold, labeled, or represented as organic or made with organic ingredients shall contain, at least 70 percent organically produced ingredients. (b) The percentage of all organically produced ingredients in an agricultural product sold, labeled, or represented as "organic" or "100 percent organic," or sold, labeled, or represented as being made with organic ingredients or food groups, or as inclusive of organic ingredients, shall be calculated as follows: (1) For products containing organically produced ingredients in solid form, by dividing the total net weight of combined organic ingredients at formulation, excluding water and salt, by the total weight of the finished product, excluding water and salt. (2) For products containing organically produced ingredients in liquid form, by dividing the fluid volume of all organic ingredients, excluding water and salt, by the fluid volume of the finished product, excluding water and salt. If the liquid product is identified on the principal display panel or information panel as being reconstituted from concentrates, the calculation should be made on the basis of single-strength concentrations of the ingredients and finished product.

The Avalon products listed in section II.(1) of this document are in violation of this regulation, as the main “organic” ingredient in these products is “Organic Hydrosol”/”Floral Water”. Hydrosol is simply an elaborately made tea made up of 99.9% water with only trace levels of organic plant material. As the COSA regulation clearly states above, the only portion of hydrosol that should be figured into the final organic volume of the product is that part that is not water. This is further reiterated in the NOP regulations, which the CA SOP reflects.

If hydrosol were to be considered an organic ingredient, soup and beverage companies could all quickly and easily begin labeling their products as “Organic” simply by converting the added water to organic hydrosol. If California allows hydrosol to be considered an organic ingredient, it sets a precedent on a national level that could ultimately render the Organic Standards Act useless.

V. Violation #2: Use of Synthetic Surfactants and Preservatives

Because CA SOP regulations state that organic cosmetics labeling in California must follow the same criteria as NOP (*COSA 110811 and 110956 (a) ---see section IV of this complaint for full text*) the following regulation is violated with the use of synthetic surfactants (namely, olefin sulfonate, cocamidopropyl betaine and methyl/propylparaben):

NOP- OFPA 205.105 Allowed and prohibited substances, methods, and ingredients in organic production and handling. To be sold or labeled as "100 percent organic," "organic," or "made

with organic (specified ingredients or food group(s)), " the product must be produced and handled without the use of:

(a) Synthetic substances and ingredients, except as provided in § 205.601 or § 205.603;

Synthetic Surfactant Violation (1): Olefin Sulfonate

Synonyms: Sulfonic acids, C14-16-alkane hydroxy and C14-16-alkene, sodium salts; Sodium Tetradecenesulfonate; Sodium C14-16
CAS # [68439-57-6]

All of the Avalon products listed in section II.(1) of this document contain olefin sulfonate, which is made either by “cracking” long hydrocarbons from petroleum, or polymerizing ethylene oxide, also from petroleum, and turning it into this chemical compound. It is a synthetic petroleum surfactant that is not allowed in products labeled organic pursuant to the NOP. Avalon claims the products currently on store shelves, containing olefin sulfonate, were manufactured over a year ago. The use of olefin sulfonate in Avalon products that are currently being manufactured needs to be investigated.

Synthetic Surfactant Violation (2): Cocamidopropyl Betaine

Synonyms: 1-Propanaminium, 3-amino-N-(carboxymethyl)-N,N-dimethyl-, N-coco acyl derivs., inner salts, Amphotensid B4 F, Cocamidopropyl betaine, Dehyton+so PK, Incronam 30, Rewoteric+so AM B-13, Schercotaine CAB, Tego+so -Betaine C, Tego+so -Betaine E, Tego+so -Betaine L-7,
CAS #(61789-40-0)

Chemical Designation: N-(carboxy methyl)-N, N-Dimethyl-3-[(1-Oxococonut) amino]-1-Propanaminium Hydroxide, Inner Salt

All of the Avalon products listed in section II.(1) of this document contain cocamidopropyl betaine, which is also a synthetic surfactant built in part from petroleum that is not allowed in NOP or CA SOP regulations (*NOP- OFPA 205.105*)

Synthetic Preservative: Methyl/propylparaben

Synonyms: Propyl 4-hydroxybenzoate; 4-Hydroxybenzoic acid propyl ester; Propyl p-hydroxybenzoate; Nipasol; Chemocide PK; Propyl Chemosept; Solbrol P; Propyl Parasept
CAS # 94-13-3

The following Avalon products violate the CA SOP organic standards with the use of the synthetic preservative methyl/propylparaben: All Avalon products listed in section II (1) and (2) of this document.

VI. Violation #3: Lack of Certifying Agent in Labeling

As CA SOP and NOP state, if a product is to be labeled organic, the certifying agent’s information MUST be included on the information panel of the product’s packaging. In checking various co-ops and natural food stores, none of the Avalon products contain this information. The specific regulation in violation follows:

NOP 205.304 Packaged products labeled "made with organic (specified ingredients or food group(s))."

(b) Agricultural products in packages described in § 205.301(c) must:

(2) On the information panel, below the information identifying the handler or distributor of the product and preceded by the statement, "Certified organic by...," or similar phrase, identify the name of the certifying agent that certified the handler of the finished product: Except, That, the business address, Internet address, or telephone number of the certifying agent may be included in such label.

VII. Violation #4: Mislabeling

As stated in the CA SOP (see below), cosmetics can only be labeled “organic” if they contain a minimum of 70% organic ingredients. If it is less than that, the only place a cosmetic product can advertise itself as organic is on the ingredient and information panels of the packaging. The following Avalon products are in violation of this regulation:

Organic Therapeutic Bath & Shower Gel (dominantly labeled “56% Organic” on front label)

Organic Clarifying Conditioner (dominantly labeled “56% Organic”)

Organic Hand and Body Lotion (dominantly labeled “62% Organic”)

COSA 110839. Multi-ingredient cosmetic products sold as organic in California with less than 70 percent organically produced ingredients, by weight or by fluid volume, excluding water and salt, may only identify the organic content as follows: (a) By identifying each organically produced ingredient in the ingredient statement with the word "organic" or with an asterisk or other reference mark that is defined below the ingredient statement to indicate the ingredient is organically produced. (b) If the organically produced ingredients are identified in the ingredient statement, by displaying the product's percentage of organic contents on the information panel.

VIII. Close

Under COSA 110940 (b), we look forward to the Director’s outline of procedures for commencing an investigation within seven working days and to the investigation outcome and enforcement actions within 90 working days following that.

Thank you for your time and investigation of these matters.

List of Ingredients in Violation:

CoQ10 Skin Care

CoQ10 Facial Cleansing Milk

84% Certified Organic Ingredients

Active Ingredients: Patented Coenzyme Q10

Ingredients: *Certified organic lavender hydrosol*, herbal infusion of certified organic green tea, chamomile, althea, sage and yarrow, caprylic/capric triglyceride (from coconut), stearic acid (vegetable fatty acids), certified organic safflower oil, shea butter, certified organic aloe vera, certified organic sweet almond oil, certified organic rosemary extract, sorbitol, NaPCA, tocopheryl acetate (vitamin E), retinyl palmitate (vitamin A), *methyl/propylparaben*, pure essential oils of neroli, bergamot, mandarin and sweet lavender.

CoQ10 Perfecting Facial Toner

80% Certified Organic Ingredients

Active Ingredients: Patented Coenzyme Q10

Ingredients: *Certified organic lavender hydrosol* (*lavandula officinalis*), certified organic extracts of chamomile (*chamomilla recutita*), echinacea (*echinacea purpurea*), ginkgo biloba, green tea (*camellia sinensis*) and lavender (*lavandula officinalis*), papaya (*carica papaya*) and cucumber (*cucumis sativus*) extracts, certified organic aloe barbadensis, NaPCA, vegetable glycerin, panthenol (pro-vitamin B5), allantoin, castor oil (*ricinus communis*), *methyl/propylparaben*, and pure essential oils.

CoQ10 Wrinkle Defense Creme

70% Certified Organic Ingredients

Active Ingredients: Patented Coenzyme Q10, Octyl Methoxycinnamate

Ingredients: *Certified organic lavender hydrosol*, herbal infusion of certified organic green tea, chamomile, althea, sage and yarrow, certified organic jojoba oil, glyceryl stearate, sodium hyaluronate, cetyl ricinoleate, shea butter, mango butter, cetyl alcohol, certified organic aloe vera, organic algae extract, certified organic echinacea and gotu kola extracts, tocopheryl acetate (vitamin E), magnesium ascorbyl phosphate (vitamin C), retinyl palmitate (vitamin A), *methyl/propylparaben*, pure essential oils of neroli (orange blossom), bergamot, mandarin and sweet lavender.

CoQ10 Wrinkle Defense Serum

70% Certified Organic Ingredients

Active Ingredient: Patented Coenzyme Q10

Ingredients: *Certified organic lavender hydrosol*, herbal infusion of certified organic green tea, chamomile, althea, sage and yarrow, vegetable glycerin, sodium hyaluronate, certified organic safflower oil, apricot kernel oil, avocado oil, certified organic aloe vera, NaPCA, organic algae extract, wheat germ oil, soy lecithin, tocopheryl acetate

(vitamin E), magnesium ascorbyl phosphate (vitamin C), folic acid (vitamin B-complex), retinyl palmitate (vitamin A), sorbitol, *methylpropylparaben*, pure essential oils of neroli (orange blossom), bergamot, mandarin and sweet lavender.

CoQ10 Ultimate Skin Firming Lotion **70% Certified Organic Ingredients**

Active Ingredients: Patented Coenzyme Q10, Octyl Methoxycinnamate
Ingredients: *Certified organic lavender hydrosol*, herbal infusion of certified organic green tea, chamomile, sage and yarrow, glyceryl stearate, vegetable glycerin, stearic acid, certified organic safflower oil, certified organic echinacea and gotu kola extracts, sorbitol, sorbitan stearate, avocado oil, sodium hyaluronate, organic algae extract, meadowsweet extract, certified organic jojoba oil, dermochlorella algae extract (for firming), tocopheryl acetate (vitamin E), magnesium ascorbyl phosphate (vitamin C), biosaccharide gum, retinyl palmitate (vitamin A), methylpropylparaben, pure essential oils of neroli (orange blossom), bergamot, mandarin and sweet lavender.

Vitamin C Skin Care

Vitamin C Refreshing Facial Cleanser **70% Certified Organic Ingredients**

Active Ingredient: Magnesium Ascorbyl Phosphate (stabilized Vitamin C)
Ingredients: *Certified organic lavender hydrosol* (*lavandula officinalis*), certified organic extracts of chamomile (*chamomilla recutita*), lemon balm (*melissa officinalis*) and rosemary (*rosmarinus officinalis*), certified organic aloe barbadensis, sodium cocoyl glutamate, *olefin sulfonate*, *cocamidopropyl betaine*, vegetable glycerin, certified organic sunflower (*helianthus annuus*) oil, tocopherol (vitamin E), retinyl palmitate (vitamin A), NaPCA, panthenol (pro-vitamin B5), cucumber extract (*cucumis sativus*), citric acid, *methylpropylparaben*, and pure essential oils.

Vitamin C Balancing Facial Toner **80% Certified Organic Ingredients**

Active Ingredient: Magnesium Ascorbyl Phosphate (stabilized Vitamin C)
Ingredients: *Certified organic lavender hydrosol* (*lavandula officinalis*), certified organic extracts of chamomile (*chamomilla recutita*), echinacea (*echinacea purpurea*), ginkgo biloba, green tea (*camellia sinensis*) and lavender (*lavandula officinalis*), papaya (*carica papaya*) and cucumber (*cucumis sativus*) extracts, certified organic aloe barbadensis, NaPCA, vegetable glycerin, salicylic acid, panthenol (pro-vitamin B5), allantoin, castor oil (*ricinus communis*), *methylpropylparaben*, pure essential oils, annatto (*bixa orellana*), and paprika (*capsicum annuum*).

Vitamin C Renewal Facial Creme
70% Certified Organic Ingredients

Active Ingredient: Magnesium Ascorbyl Phosphate (stabilized Vitamin C)

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis), certified organic extracts of green tea (camellia sinensis) and aloe barbadensis, vegetable glycerin, octyl palmitate, glyceryl stearate, certified organic plant oils of sunflower (helianthus annuus) and sweet almond (prunus amygdalus dulcis), evening primrose oil (oenothera biennis), tocopherol and tocopheryl acetate (vitamin E), panthenol (pro-vitamin B5), cucumber extract (cucumis sativus), *methyl/propylparaben*, and pure essential oils.

Vitamin C Vitality Facial Serum
70% Certified Organic Ingredients

Active Ingredient: Magnesium Ascorbyl Phosphate (stabilized Vitamin C)

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis), certified organic extracts of green tea (camellia sinensis) and aloe barbadensis, vegetable squalane, plant oils of certified organic borage seed (borago officinalis) and evening primrose (oenothera biennis), papaya (carica papaya) and cucumber (cucumis sativus) extracts, vegetable glycerin, panthenol (pro-vitamin B5), tocopherol and tocopheryl acetate (vitamin E), sodium hyaluronate (vegetable), *methyl/propylparaben*, and pure essential oils.

Vitamin C Revitalizing Eye Creme
70% Certified Organic Ingredients

Active Ingredient: Magnesium Ascorbyl Phosphate (stabilized Vitamin C)

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis), certified organic extracts of green tea (camellia sinensis), chamomile (chamomilla recutita) and aloe barbadensis, vegetable glycerin, octyl palmitate, glyceryl stearate, liposomes of superoxide dismutase, certified organic plant oils of sunflower (helianthus annuus) and borage seed (borago officinalis), pycnogenol®, tocopherol and tocopheryl acetate (vitamin E), panthenol (pro-vitamin B5), cucumber extract (cucumis sativus), *methyl/propylparaben*, and pure essential oils.

Vitamin C Moisture Plus Lotion with SPF 15
60% Certified Organic Ingredients*

Active Ingredient: Octyl methoxycinnamate, benzophenone-3, Magnesium Ascorbyl Phosphate (stabilized Vitamin C)

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis), certified organic extracts of chamomile (chamomilla recutita), green tea (camellia sinensis), and aloe barbadensis, vegetable glycerin, octyl palmitate, glyceryl stearate, certified organic plant oils of sunflower (helianthus annuus) and borage seed (borago officinalis), cocoa butter (theobroma cacao), tocopherol (vitamin E), *methyl/propylparaben*, and pure essential oils.

Vitamin C Therapeutic Hand & Body Lotion
70% Certified Organic Ingredients

Active Ingredient: Magnesium Ascorbyl Phosphate (stabilized Vitamin C)

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis), certified organic extracts of chamomile (chamomilla recutita), green tea (camellia sinensis), lemon balm (melissa officinalis) and aloe barbadensis, vegetable glycerin, sorbitol, stearic acid, plant oils of certified organic sunflower (helianthus annuus) and evening primrose (oenothera biennis), shea butter (butyrospermum parkii), tocopherol (vitamin E), panthenol (pro-vitamin B5), NaPCA, organic sea kelp extract (laminaria digitata), methyl/propylparaben, and pure essential oils.

Vitamin C Soothing Lip Balm
70% Certified Organic Ingredients

Active Ingredient: Magnesium Ascorbyl Phosphate (stabilized Vitamin C)

Ingredients: Organic coconut (cocos nuciferus) oil, organic candelilla wax (euphorbia cerifera), organic carnauba wax (copernica cerifera), certified organic jojoba oil (simmondsia chinensis), certified organic aloe barbadensis extract, apricot kernel oil (prunus armeniaca), rosemary extract (rosmarinus officinalis), tocopheryl acetate and tocopherol (vitamin E), retinyl palmitate (vitamin A), and natural flavors.

Avalon Organic Hair Cair Elixirs
Aloe Vera Jojoba Shampoo and Conditioner
70% Certified Organic Ingredients

Aloe Vera Jojoba Shampoo

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis) and certified organic aloe vera (aloe barbadensis), green tea (camellia sinensis) and echinacea (echinacea purpurea), sodium cocoyl glutamate, disodium cocoamphodiacetate and olefin sulfonate, cocamidopropyl betaine (from coconut), certified organic jojoba oil (simmondsia chinensis), organic cucumber extract (cucumis sativus), organic sea kelp extract (laminaria digitata), panthenol (pro-vitamin B5), vegetable glycerin, citric acid, methylpropyl parabens and grapefruit seed extract (citrus grandis).

=

Aloe Vera Jojoba Conditioner

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis) and certified organic aloe vera (aloe barbadensis), green tea (camellia sinensis) and echinacea (echinacea purpurea), cetyl alcohol (from coconut), vegetable emulsifying wax, certified organic sunflower oil (helianthus annuus), certified organic jojoba oil (simmondsia chinensis), organic cucumber extract (cucumis sativus), organic sea kelp extract (laminaria digitata), panthenol (pro-vitamin B5), vegetable glycerin, citric acid, methylpropyl parabens and grapefruit seed extract (citrus grandis).

Awapuhi Mango Shampoo and Conditioner
70% Certified Organic Ingredients

Awapuhi Mango Shampoo

Ingredients: Certified organic lavender hydrosol (*lavandula officinalis*) and certified organic ylang ylang (*cananga odorata genuina*), sweet orange (*citrus aurantium*) and vanilla (*vanilla planifolia*), sodium cocoyl glutamate, disodium cocoamphodiacetate and olefin sulfonate, cocamidopropyl betaine (from coconut), organic awapuhi (*zingiber zerumbet*), organic mango (*mangifera indica*), certified organic aloe barbadensis, panthenol (pro-vitamin B5), vegetable glycerin, citric acid, methylpropyl parabens, grapefruit seed extract (*citrus grandis*) and pure essential oils.

Awapuhi Mango Conditioner

Ingredients: Certified organic lavender hydrosol (*lavandula officinalis*) and certified organic ylang ylang (*cananga odorata genuina*), sweet orange (*citrus aurantium*) and vanilla (*vanilla planifolia*), cetyl alcohol (from coconut), vegetable emulsifying wax, certified organic sunflower oil (*helianthus annuus*), organic awapuhi (*zingiber zerumbet*), organic mango (*mangifera indica*), certified organic aloe barbadensis, panthenol (pro-vitamin B5), vegetable glycerin, citric acid, methylpropyl parabens, grapefruit seed extract (*citrus grandis*) and pure essential oils.

Biotin B-Complex Shampoo and Conditioner **70% Certified Organic Ingredients**

Biotin B-Complex Shampoo

Ingredients: Certified organic lavender hydrosol (*lavandula officinalis*) and certified organic saw palmetto (*sarenoa serrulata*) and aloe barbadensis, sodium cocoyl glutamate, disodium cocoamphodiacetate and olefin sulfonate, cocamidopropyl betaine (from coconut), certified organic wheat protein (*triticum aestivum*), biotin and niacin (vitamin B complex), certified organic jojoba oil (*simmondsia chinensis*), panthenol (pro-vitamin B5), vegetable glycerin, zinc gluconate, citric acid, methylpropyl parabens, grapefruit seed extract (*citrus grandis*) and pure essential oils.

Biotin B-Complex Conditioner

Ingredients: Certified organic lavender hydrosol (*lavandula officinalis*) and certified organic saw palmetto (*sarenoa serrulata*) and aloe barbadensis, cetyl alcohol (from coconut), vegetable emulsifying wax, certified organic sunflower oil (*helianthus annuus*), certified organic wheat protein (*triticum aestivum*), biotin and niacin (vitamin B complex), certified organic jojoba oil (*simmondsia chinensis*), panthenol (pro-vitamin B5), vegetable glycerin, zinc gluconate, citric acid, methylpropyl parabens, grapefruit seed extract (*citrus grandis*) and pure essential oils.

Chamomile Citrus Shampoo and Conditioner **70% Certified Organic Ingredients**

Highlighting. Made with highlighting chamomile, lemon, grapefruit and sunflower for naturally bright, shiny hair. For use on dull or lifeless hair types.

Chamomile Citrus Shampoo

Ingredients: Certified organic lavender hydrosol (*lavandula officinalis*) and certified organic chamomile (*chamomilla recutita*) and green tea (*camellia sinensis*), sodium cocoyl glutamate, disodium cocoamphodiacetate and olefin sulfonate, cocamidopropyl betaine (from coconut), certified organic aloe barbadensis, organic sunflower (*helianthus annuus*), certified organic lemon (*citrus limonum*) and grapefruit (*citrus*

paradisi), panthenol (pro-vitamin B5), vegetable glycerin, citric acid, methylpropyl parabens, grapefruit seed extract (citrus grandis) and pure essential oils.

Chamomile Citrus Conditioner

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis) and certified organic chamomile (chamomilla recutita) and green tea (camellia sinensis), cetyl alcohol (from coconut), vegetable emulsifying wax, certified organic sunflower oil (helianthus annuus), certified organic aloe barbadensis, certified organic lemon (citrus limonum) and grapefruit (citrus paradisi), panthenol (pro-vitamin B5), vegetable glycerin, citric acid, methylpropyl parabens, grapefruit seed extract (citrus grandis) and pure essential oils.

Organic Herbal Shampoo and Conditioner 70% Certified Organic Ingredients

Organic Herbal Shampoo

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis) and certified organic calendula (calendula officinalis), nettle (urtica dioica), sage (salvia officinalis) and wild thyme (thymus vulgaris), sodium cocoyl glutamate, disodium cocoamphodiacetate and *olefin sulfonate, cocamidopropyl betaine* (from coconut), certified organic aloe barbadensis, certified organic jojoba oil (simmondsia chinensis), panthenol (pro-vitamin B5), vegetable glycerin, citric acid, methylpropyl parabens, grapefruit seed extract (citrus grandis) and pure essential oils.

Organic Herbal Conditioner

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis) and certified organic calendula (calendula officinalis), nettle (urtica dioica), sage (salvia officinalis) and wild thyme (thymus vulgaris), cetyl alcohol (from coconut), vegetable emulsifying wax, certified organic sunflower oil (helianthus annuus), certified organic aloe barbadensis, certified organic jojoba oil (simmondsia chinensis), panthenol (pro-vitamin B5), vegetable glycerin, citric acid, methylpropyl parabens, grapefruit seed extract (citrus grandis) and pure essential oils.

Tea Tree Mint Shampoo and Conditioner 70% Certified Organic Ingredients

Tea Tree Mint Shampoo

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis) and certified organic tea tree (melaleuca alternifolia), peppermint (mentha piperita), eucalyptus (eucalyptus globulus) and rosemary (rosmarinus officinalis), sodium cocoyl glutamate, disodium cocoamphodiacetate and *olefin sulfonate, cocamidopropyl betaine* (from coconut), certified organic aloe barbadensis, organic sea kelp extract (laminaria digitata), panthenol (pro-vitamin B5), vegetable glycerin, citric acid, methylpropyl parabens, grapefruit seed extract (citrus grandis) and pure essential oils.

Tea Tree Mint Conditioner

Ingredients: *Certified organic lavender hydrosol* (lavandula officinalis) and certified organic tea tree (melaleuca alternifolia), peppermint (mentha piperita), eucalyptus (eucalyptus globulus) and rosemary (rosmarinus officinalis), cetyl alcohol (from coconut), vegetable emulsifying wax, certified organic sunflower oil (helianthus annuus), certified organic aloe barbadensis, organic sea kelp extract (laminaria digitata),

panthenol (pro-vitamin B5), vegetable glycerin, citric acid, methylpropyl parabens, grapefruit seed extract (citrus grandis) and pure essential oils.

Certified Organic Facial Care
Facial Cleansing Gel
70% Certified Organic Ingredients

Ingredients: Certified organic lavender hydrosol (lavandula officinalis), certified organic extracts of ginkgo biloba, green tea (camellia sinensis) and lavender (lavandula officinalis), cucumber extract (cucumis sativus), certified organic aloe barbadensis, sodium cocoyl glutamate, olefin sulfonate, cocamidopropyl betaine, vegetable glycerin, NaPCA, panthenol (pro-vitamin B5), tocopheryl acetate (vitamin E), allantoin, magnesium ascorbyl phosphate (vitamin C), retinyl palmitate (vitamin A), citric acid, glyceryl cocoate, methyl/propylparaben, and pure essential oils.

Facial Cleansing Milk
70% Certified Organic Ingredients

Ingredients: Certified organic lavender hydrosol (lavandula officinalis), certified organic extracts of chamomile (chamomilla recutita), echinacea (echinacea purpurea), ginkgo biloba, green tea (camellia sinensis) and lavender (lavandula officinalis), caprylic/capric triglyceride, stearic acid, shea butter (butyrospermum parkii), certified organic aloe barbadensis, certified organic plant oils of safflower (carthamus tinctorius) and sweet almond (prunus amygdalus dulcis), sorbitol, NaPCA, tocopheryl acetate (vitamin E), retinyl palmitate (vitamin A), methyl/propylparaben, and pure essential oils.

Hydrating Toner
80% Certified Organic Ingredients

Ingredients: Certified organic lavender hydrosol (lavandula officinalis), certified organic extracts of chamomile (chamomilla recutita), echinacea (echinacea purpurea), ginkgo biloba, green tea (camellia sinensis) and lavender (lavandula officinalis), papaya (carica papaya) and cucumber (cucumis sativus) extracts, certified organic aloe barbadensis, NaPCA, vegetable glycerin, salicylic acid, panthenol (pro-vitamin B5), allantoin, castor oil (ricinus communis), methyl/propylparaben, and pure essential oils.

Daily Moisturizer
70% Certified Organic Ingredients

Ingredients: Certified organic lavender hydrosol (lavandula officinalis), certified organic aloe barbadensis, cucumber extract (cucumis sativus), octyl palmitate, vegetable glycerin, certified organic plant oils of sunflower (helianthus annuus), borage (borago officinalis), flax seed (linum usitatissimum), sweet almond (prunus amygdalus dulcis) and jojoba (simmondsia chinensis), glyceryl stearate, cetyl alcohol, cocoa butter (theobroma cacao), vegetable squalane, tocopheryl acetate and tocopherol (vitamin E),

panthenol (pro-vitamin B5), magnesium ascorbyl phosphate (vitamin C), retinyl palmitate (vitamin A), methyl/propylparaben, and pure essential oils.

Ultimate Moisture Cream
70% Certified Organic Ingredients

Ingredients: Certified organic lavender hydrosol (lavandula officinalis), certified organic plant oils of safflower oil (carthamus tinctorius), sunflower (helianthus annuus), borage (borago officinalis), flax seed (linum usitatissimum) and jojoba (simmondsia chinensis), shea butter (butyrospermum parkii), certified organic aloe barbadensis, glyceryl stearate, vegetable glycerin, mango butter (mangifera indica), sorbitan stearate, sorbitol, vegetable squalane, organic algae extract, NaPCA, panthenol (pro-vitamin B5), retinyl palmitate (vitamin A), tocopheryl acetate (vitamin E), ascorbic acid (vitamin C), beta carotene, methyl/propylparaben, and pure essential oils.

Brighening Firming Serum
70% Certified Organic Ingredients

Ingredients: Certified organic lavender hydrosol (lavandula officinalis), certified organic extracts of green tea (camellia sinensis) and gotu kola (centella asiatica), sodium hyaluronate, vegetable glycerin, licorice extract (glycyrrhiza glabra), certified organic plant oils of safflower oil (carthamus tinctorius), borage (borago officinalis) and jojoba (simmondsia chinensis), silica, sorbitol, NaPCA, organic dermochlorella algae extract (chlorella vulgaris), glyceryl stearate, magnesium ascorbyl phosphate (vitamin C), tocopheryl acetate (vitamin E), retinyl palmitate (vitamin A), methyl/propylparaben, and pure essential oils.

Exfoliating Enzyme Scrub
80% Certified Organic Ingredients

Ingredients: Certified organic lavender hydrosol (lavandula officinalis), certified organic aloe barbadensis, multi-fruit enzymes, silica, powdered corn meal (zea mays), certified organic extracts of chamomile (chamomilla recutita), echinacea (echinacea purpurea), ginkgo biloba, green tea (camellia sinensis) and lavender (lavandula officinalis), organic sea kelp extract (laminaria digitata), methyl/propylparaben, and pure essential oils.

Purifying Moisture Mask
70% Certified Organic Ingredients

chlorophyll, and pure essential oils.

Clarifying Clay Mask

70% Certified Organic Ingredients

Ingredients: Certified organic lavender hydrosol (lavandula officinalis), organic kaolin clay, vegetable glycerin, glyceryl stearate, shea butter (butyrospermum parkii), certified organic plant oils of safflower (carthamus tinctorius) and sweet almond (prunus amygdalus dulcis), sorbitol, stearic acid, certified organic aloe barbadensis, cucumber extract (cucumis sativus), certified organic extracts of green tea (camellia sinensis) and lavender (lavandula officinalis), silica, copper PCA, NaPCA, tocopheryl acetate (vitamin E), retinyl palmitate (vitamin A), methylpropylparaben, and pure essential oils.

Gentle Make-up Remover

80% Certified Organic Ingredients

Ingredients: Certified organic lavender hydrosol (lavandula officinalis), certified organic extracts of chamomile (chamomilla recutita), echinacea (echinacea purpurea), ginkgo biloba, green tea (camellia sinensis) and lavender (lavandula officinalis), glyceryl cocoate, certified organic aloe barbadensis, witch hazel (hamamelis virginiana), vegetable glycerin, methylpropylparaben, and pure essential oils.

Hydrosol Refresher

94% Certified Organic Ingredients

Ingredients: Certified organic lavender hydrosol (lavandula officinalis), certified organic extracts of chamomile (chamomilla recutita), echinacea (echinacea purpurea), ginkgo biloba, green tea (camellia sinensis) and lavender (lavandula officinalis), sorbitol, and pure essential oils.

Moisture Plus Lotion with SPF 18

60% Certified Organic Ingredients
