Organic Consumers Association

 **Food:** I pledge to buy food produced using organic/regenerative practices that prohibit the use of GMOs (including animal feed), pesticides or antibiotics, and restore soil organic matter.

 **Clothing:** I pledge to change my clothes-buying habits by buying less not more; by seeking out clothing, fiber and textiles produced using regenerative, organic, natural and fair labor practices; by avoiding synthetic fabrics which pollute the ocean, marine life and the food chain; and by shopping at recycled clothing stores when possible.

 **Fuel/Transportation:** I pledge to walk more, bicycle, carpool and use more public transportation in an effort to reduce the amount of Monsanto's GMO ethanol fuel I consume.

 **Consumer activism:** I pledge to support consumer marketplace pressure campaigns, by joining in boycotts, emailing/writing company executives, posting on company social media pages, and just generally harassing companies whose practices poison, pollute and persecute (workers and animals).
